DETAILED ACTION

A restriction/election of species is set forth as follows:

Due to the complexity and number of claims and figures involved, applicant's assistance is required in determining the number of inventions being claimed.

Accordingly, applicant is required to provide a list of claims and the figures to which each is directed. Then, applicant is required to select claims to a single Figure (invention).

Applicant is given 30 days from the date of this letter to provide this list and selection to avoid the question of abandonment.

A telephone call was made to Mr. Dhiraj Sinha on June 13, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim

remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
